

Emergency Shelters

The USDA Child and Adult Care Food Program (CACFP) provides reimbursement for nutritious meals and snacks served to infants and children, ages 18 and younger or children older than 18 with documented disabilities, residing in emergency shelters.

Emergency shelters can be reimbursed for up to three meals a day, or two meals and one snack a day, for each participating child.

All meals and snacks must meet the USDA standards. CACFP meal patterns for children and infants can be found at: <http://www.fns.usda.gov/cacfp/meals-and-snacks>
